### Make Your Voice Heard

Share your experiences of how the opioid and overdose crisis has impacted your lives and your communities. Town hall attendees are encouraged to share their thoughts about approaches at the local level that can help combat the opioid crisis and save lives. This event is open to the public. All are welcome.

The town hall will feature presentations from the Opioid Operational Command Center (OCCC) and representatives from the Maryland Department of Health and other state agencies. We will also discuss possible uses for funds that the state receives from legal settlements with prescription opioid manufacturers and distributors.

### How to Attend

This event will be held in person and will adhere to all state and local COVID-19 public health guidance. Attendance will be limited to 80 individuals in order to accommodate social distancing while inside the building. All attendees must wear masks.
